## STUDENT OF MASTER OF COMPUTER APPLICATIONS

I am a final year student of Master of Computer Applications and I have experience in Google Workspace, Java, Python, React.js, HTML, CSS & basics of JavaScript. I have worked on multiple projects and I am very keen to work in a professional environment where I can gain experience and learn new things. I have also studied Data Analytics in my course curriculum.

## WORK EXPERIENCE

### Yosn Innovations Pvt. Ltd. — 30 May – 10 July 2022

I was working as the Web Designer Intern at Yosn Innovations and my role was as a front-end developer. I was working on the event booking platform using react.js by discussing with the product team and coordinating with the backend team to support them in developing the final website.

## EDUCATION

### Masters of Computer Applications — 2021 – 2023

Result Awaited, Amity University, Noida

### Bachelor of Computer Applications — 2018 – 2021

CGPA: 8.16, Amity University, Noida

### 12th in Commerce with Mathematics — 2017 – 2018

Percentage: 68%, Apeejay School, Noida

## PROJECTS

### Event Ticket Booking System

Developed an event booking system using react.js, the web application is for booking tickets for the event and it is completely dynamic front-end.

### Microsoft Website Clone

Developed a static landing of the microsoft.com using HTML, CSS and JavaScript.

### Netflix Landing

Developed a static landing of netflix.com using HTML, CSS and JavaScript.

## CERTIFICATES

### Java Crux — June 2022 – March 2023

Coding Blocks, Noida
